

PETITION in support of:
Ending Domestic Violence

To the President and members of the Legislative Council New South Wales Parliament.

This petition of certain citizens of New South Wales states that Domestic and Family Violence is a national epidemic with dozens of women killed each year. The NSW Government needs to take immediate action to end domestic violence.

The undersigned petitioners request that the NSW Government to:

- Invest in violence prevention initiatives and education programs across all parts of society.
- Restore and increase funding to women-only specialist services, refuges and shelters;
- Build a safe and supportive justice system
- Invest in trauma informed support services
