Petition: Make NSW Shark Fin Free

To the Honourable the President and Members of the Legislative Council of New South Wales:

We, the undersigned New South Wales citizens, request that the House:

- Acknowledges that shark finning is a deeply inhumane and cruel practice and a key threat to many shark species around the world, with an estimated 38 million sharks killed each year for this reason.
- Recognises that although shark finning is illegal in NSW, many restaurants continue to serve shark fin from overseas sources where live shark finning is practiced.
- Reaffirms that sharks are essential to maintaining our marine ecosystems.
- Supports the Greens bill to prohibit the commercial preparation of shark fins in restaurants.
